

Top 50 Most Influential Women

The honorees will be objectively selected according to the following criteria:

The nominee for this award should have:

- Obtained an influential position in her area of expertise, achieving a remarkable career success
- Achieved remarkable results (industry-level) compared to all her peers at her workplace/other places
- Beliefs in teamwork, honest competition, and governance; seeking to achieve and commit to those beliefs in all the positions she has held
- Introduced innovative products /schemes with a positive impact on Egyptian society in terms of technical/financial/economic, contributing to community welfare
- Contributed to achieving exceptional profits for her workplace
- Made solid contributions towards the sustainable development in local communities
- Involved in achieving positive social impact: “proven results of the projects that were carried out to promote the living conditions in the community and achieved social cohesion as well”
- Inspired her peers as a role model, and elevated others to success, leading by example to positively influence others in shaping their route toward a better life
- A great potential for significant career development on the industry level
- **Proactively made outstanding contributions to propel the national green economy transition; is priority for this special year’s selection**

Candidate must possess at least a Bachelor's Degree

Our assessment will be based on the above-mentioned criteria, as the candidate's contributions and achievements will be evaluated accordingly.

*Fulfilling all the criteria is not mandatory
